With Easter Monday, or in the old Dutch phraseelogy of this city Pacs Monday, we have something of the feeling of spring, something congenial to the season which commemorates the risen Saviour, as well in the inward heart of the believer, as in the outward manifestations of ver-

It is good to keep Christmas even if it cannot be proved to be of religious obligation to do so, and it is good to keep Good Friday and Holy Week and the quarantine of abstinences which precede Easter day, even though it be proved that abuses have sprung from such observances.
